

Arnos Grove Station Car Parks Public Consultation

Connected Living London, a partnership between TfL and Grainger plc, is proposing a Build-to-Rent residential development on the site of the Arnos Grove Station Car Park, providing around 150 new homes, 40% of which will be affordable.

Following our Meet the Team event in June, we would like to invite you to attend the public exhibition where we will present our indicative plans to the community. This will be an opportunity for you to learn more about the site, provide your feedback and review the proposals.

We hope that you will be able to attend, as we are committed to ensuring local residents have a full opportunity to review and comment on the proposals.
